

letterlock[®] Buying Service

SHIPPING • RECEIVING  SINCE 1982

Many companies in the US are restricting purchases to US credit card holders only. This makes it difficult for Canadians to purchase items that are only available in the US or are much cheaper than the Canadian counterpart. If you are worried about the safety of your credit card, let us purchase the item for you (or find out how secure it is). If you get stuck in a circumstance like that, let us know as we can help you by purchasing the item from the supplier using our US card. This service is also available within Canada.
